==========

Adverting to your memo No C 14 - [illegible] dated 0[illegible] I beg to bring to your kind notice [illegible] the construction of the Main drain which is submitted for favour of sanction so long back as [illegible] 8 has not been received yet The year is fast drawing to close and unless early sanction is accorded there is no chance of commencing work this year as the rains will occur in and retard its progress The collection of material for the work will be difficult If permitted I will suggest to the Contractor ask them to keep all material ready so that the work may be proceeded with straightway after receipt of the sanctioned estimate

I may be permitted to add here that there has been much clamour in the town in regard to the early construction of this important work particularly the Mussalman population amidst whose dwellings and the Jumma Masjid this drain is to run have been sending up petitions to Government repeatedly Hence I request that the Government may be reminded again in the matter
